## Keyes Mirror Blackened Bronze Cast Aluminum

When scallops get sculptural, because not every mirror has to play it straight. Cast in solid aluminum with a blackened bronze finish, Keyes' soft scalloped frame brings subtle rhythm to the wall, while delicate pinholes from the casting process add a wink of craftsmanship. The result? A mirror that's equal parts graceful and grounded—ready to reflect, anchor, and maybe even steal the spotlight.

- Blackened Bronze Finish: Cast aluminum in a rich, dark finish emanates a commanding presence.
- Soft Scallops, Gentle Harmony: Delicate scallops along the mirror's edge add a touch of gentle harmony, softening the bold design.
- Art Deco-Inspired: Bold geometric lines and a striking silhouette evoke the timeless elegance of the Art Deco era.
- No assembly required

<b>Item Code</b>	QK-1034-31
<b>Swatch Code</b>	
<b>Collection</b>	Keyes
<b>Product Materials</b>	Cast Aluminum, Iron, Glass Mirror, Mdf
<b>General Dimensions</b>	24.0" W X 2.0" D X 36.0" H
