Geometric Progression 1

D1214S24265-2259

Geometric Motion I is part of a series of eight geometric drawings that invite the viewer to experience the elegance of minimalist design. These understated compositions showcase line drawing techniques that explore a variety of geometric shapes that highlight the importance of the line in art.

In Geometric Motion 1, bold dark lines provide a central grid while fainter marks, some broken by erasure, underpin the hexagonal composition. The series is reminiscent of Josef Alber's geometric line drawings of the 1950s. Part of ART by TA, Geometric Motion 1 is an exclusive and original work of art.

- Frame Width: 1.625 in
- W 25 x D 0¾ x H 31 inches

Material(s): Paper
Collection: Art by TA
Style: Modern / Formal Modern
Type: Décor / Wall Art
