Top-Grain Leather

Behind the Design

Our top-grain leather has been finished to highlight, rather than hide, natural markings, giving it a rich color and feel. Natural imperfections can darken or lighten, depending on the color, creating unique movement and character in each individual hide.

Care Instructions

- Buff regularly with a clean, dry cloth.
- Do not use oils or leather cleaner. Avoid ammonia or other harsh cleaning products.
- Address spills immediately by wiping with a damp, soft cloth.
- Avoid harsh, direct sunlight.
- Avoid direct contact between sharp objects and the leather.
- For cleaning, call a leather professional.
