Lainey Mirror Brown

An oval that keeps perfect time around the frame. Evenly spaced carved segments circle the full surround, giving the Lainey mirror a considered, handcrafted character well beyond a plain frame. Warm mango wood carries natural grain through each division, so the detailing reads crisp and intentional rather than fussy. A classic shape with a measured beat that earns a second look, all the way around.

- Carved Segments: Evenly spaced carved divisions run the full oval frame, creating rhythm and a considered decorative quality that lifts it beyond a plain surround.
