Features & Benefits

Quick, precision cooking

Bring more cooking options to your outdoor kitchen with quick cooking on the griddle. Cook different foods at the same time with precision thermostatic control, separate temperature zones and even heat distribution.

Designed to match

With a matching look across all DCS Series 9 products, you can create a stylish, cohesive design for your Outdoor kitchen. Seamless installation and interconnectivity between products* allows for unified operation, from ignition to dial illumination.

Safe and convenient

Clean up is simple due to the removable slide out drip tray. For your safety, a flame failure device cuts the gas if a burner goes out.

Heavy duty build

Designed to withstand high temperatures and all types of weather conditions, the griddle plate is made from durable, 8mm thick 304 stainless steel.
