Bird Console Table Natural

Elevate your living space to new heights with the Bird collection. This console table's solid oak surface features a live edge design, a showcase for the wood's inherent beauty and natural qualities. Supporting the tabletop is an iron base, an artistic achievement in its own right, abstractly sculpted to evoke a bird taking flight.

- Solid live edge oak tabletop
- A uniquely sculpted iron base
- Please note that there will be a natural variation between each piece due to the woodblock's distinct character, grains & knots in each piece of wood. No two items are alike
