Collection: Denman

Color Family: Brown

Material: Leather

Style: Transitional

Bed Size: King

Finish: Dark Wood

Brand: Drew & Jonathan Home

Product Description: Warm and inviting, the Denman Upholstered Bed brings a distinct sense of calm to the bedroom. Inspired by the forests of the Pacific Northwest, this transitional piece is highlighted by its upholstered, 3 panel headboard. Featuring deep chocolate brown faux leather, offset by hickory veneers with a rich brown finish, the Denman Upholstered Bed also boasts frame-like detailing on both the headboard and footboard, as well as coordinating siderails and slats for a polished overall look. Mix and match with other pieces of the Denman collection for coordinated bedroom styling.

Collection Features: Inspired by Drew and Jonathan’s upbringing in the Pacific Northwest, Denman is larger in scale, with lower and deeper profiles. Providing a classic look that translates well across the country, the group includes a panel-upholstered bed, along with a coordinating dresser, mirror, and nightstand.

Finish: Rich brown finish on Hickory veneers

Features: Includes headboard, footboard and rails
Leather upholstered channeled headboard
Rich brown finish
King size

Material: Hickory Veneers and Leather

Frame Construction: Drew & Jonathan Home uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
