## PARTS

### Step 1

Read through these instructions thoroughly before beginning assembly. We have found this to be of great value when first assembling this product.

### Step 2

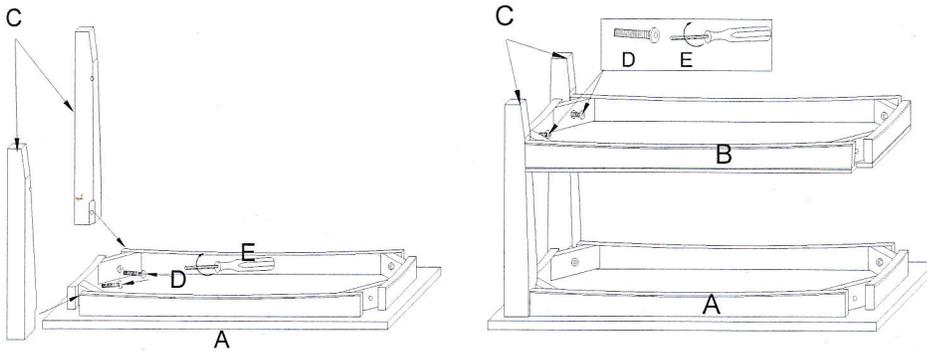

Remove all parts and hardware from packing material. Wooden pieces should be placed on a non abrasive surface (like the carton or carpet) to prevent damage to the finish.

### Step 3

Lay Top Unit (A) upside down and attach 2 Posts (C) by using 2 Hex Bolts 45mm (D).

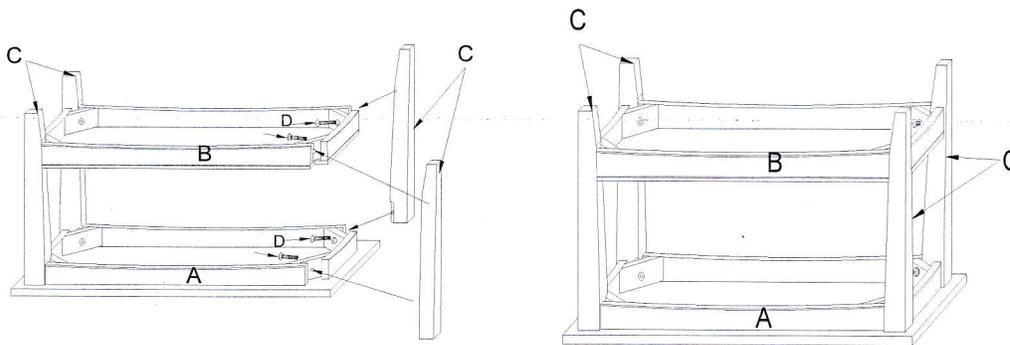

Note: It will help to have a second person at this time to assist in assembly.

Attach Bottom (B) to Posts (C) by using 2 Hex Bolts 45mm (D).

### Step 4

Repeat procedure with other 2 Posts (C) using 2 Hex Bolts 45mm (D) to attach to Top Unit (A) and 2 Hex Bolts 45mm (D) to attach Bottom (B).
