Yellow Cast 1

D2477S49405-4040

In Yellow Cast 1, a sincerity born of simplistic forms and an understated palette becomes challenged as the object of the subject's gaze comes into question. At once appearing to look both straight ahead and to the side, the viewer is invited to reflect upon and become immersed within the perspective.

An original addition to the carefully curated ART by TA Collection, Yellow Cast 1 is a beautiful reflection of one's frame of mind in softened forms and muted tones.
