

# LAREDO

SOFA | SM1215-SF

## DETAILS:

The transitional appeal of this sofa and love seat combo is hard to ignore. Borrowed classic elements like the rolled arms and nailhead trim are combined with a more modern approach to comfort--the loose backs are removable and plush, while the throw pillows are bright and colorful. With a slight sheen to them, the blue tones on the accent pillows pop against the beige line-like fabric, which just might be the needed flair to take your living room decor a notch higher.
