

KINCAID

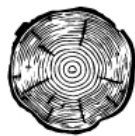

ITEM # 607-130

DRAWER DRESSER

We can't think of a style that is more timeless than the classical look of Hadleigh. More refined than ever and crafted from American Black Cherry this collection retains the nuanced detail of fine 18th century design without the ornate Queen Anne elements. This updated refresh makes this perfect for a more modern approach to the classical style. The drawer dresser features nine drawers, one of which includes a flip-down front for a media component, while another features a lined jewelry tray.

- Nine drawers, adjustable levelers, jewelry tray in top right drawer, center foot, top center drawer flips down for components, cord exit.
- Wild Black Cherry

Solid Wood - Made using genuine solid wood construction
