## ① Rocking / Gliding Function

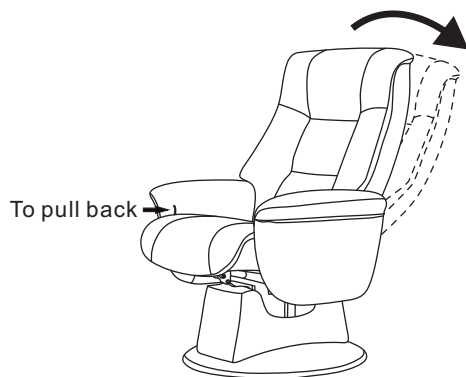

Back and forward motion.  
Stop motion and lock before standing.

## ② Locking function

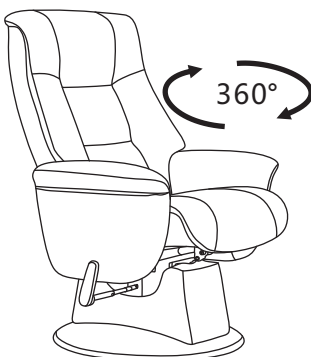

To lock chair into still position and prevent gliding motion, rotate side handle.  
Check motion has stopped before standing.

## ③ Reclining function

Pull interior lever inside arm rest, to recline.  
Back cushion will hold position upon release of lever.

## ④ Swivel Function

Chair can swivel 360°.

Caution: Always lock glide function and bring chair to full stop before standing. Do not attempt to exit chair while in motion.
