Product Description: This three-drawer nightstand pairs tactile fabric fronts with tech-friendly functionality thanks to an integrated charging station. The soft oak finish and tapered legs bring quiet luxury to bedside living.
Collection Features: Come closer to Melange, and you will discover something unexpected, something far more than an accent furniture collection offering a multitude of finishes. An eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces, Melange is meant to inspire you and fuel an experience of self-discovery. Melange can provide that spark needed to begin the transformation of a room and a renaissance in your life. Each piece of Melange has its own story. The designs are versatile and timeless, easily transcending from one life stage to the next, from home to home and generation to generation.
Status: Coming Soon
Finish: Polished Limestone finish on oak veneers
Features: Three drawers with fabric fronts Integrated charging station Tapered legs
Material: Oak Veneers and Fabric
Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.
Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.
Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
