**Product Description:** Museum-quality display options are at your fingertips with this well-scaled curved side curio in your home. The back of this tall curio cabinet sits flush against your wall to maximize visual impact without taking up too much floor space. The sides are curved maximizing the view of the mirror-backed interior. The single door opens from the front and is framed with ornate wood work. Once the door is unlocked and opened, it reveals five interior shelves to display your treasures. A handsome chocolate maple brown finish gives this unique curio cabinet both beauty and gravitas, and a brass-mounted canister light at the top keeps your collections in the spotlight.

**Collection Features:** With over 60 years of furnishing homes across America, Pulaski Furniture continues its heritage of outstanding value, quality and design. We invite you to explore our accents and display cabinet collection and find the perfect piece to make a statement or complete your vision for any area of your home.

**Status:** Active

**Finish:** Finished in a warm, traditional maple brown finish to accentuate the traditional styling.

Five shelves

**Material:** Flat-Cut White Oak Wood Veneers

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

**Cleaning Information:** L: Gently wipe with a water dampened white cotton cloth. Wipe dry with a clean dry cloth. Clean spills immediately with a soft, slightly damp cloth.
