Features

Zone out and tune in

Noise-reducing technology keeps the wireless signal free of interference from other electronic devices, so you can enjoy your favorite film, soundtrack or game with crystal clear sound.

Wireless range

The enhanced range from the transmitter dock (up to 150ft) lets you to move from room to room without losing an audio connection.

Up to 20 hours of battery life¹

Enjoy your favorite shows, music and films without having to charge for up to 20 hours.¹

Dynamic detail with 40mm drivers

From thunderous booms to soft whispers, the large 40mm drivers will make sure that you experience every detail in clear and precise sound quality.

Vocal clarity with Voice Mode

Enjoy clearer dialogue for shows and movies with a touch of the Voice Mode button.

Soft, comfortable ear pads and a secure fit

Designed for long-wear, the cushioned and comfortable ear pads are perfect for evenings spent relaxing on the sofa. The ear pad twist-and-tilt feature also means that the headphones will comfortably fit the whole family – even those with the smallest ears.

Set up, sit back

Once these headphones are out of the box, simply connect the transmitter dock to your TV with the supplied cable, and sit back as the headphones synch to the dock.

Easy to charge

When the battery gets low, simply place them back on the receiver on the cradle to charge.
