Product Description: Svelte and sophisticated in a serene soft finish on Oak Veneers with tactile reeded drawer fronts, the Cascade Dresser with six self-closing drawers is a stylish statement piece brimming with storage. The Terrain finish on oak veneers is dry-brushed for a casual appeal, and accented by champagne-colored bar pull hardware and slender metal legs joined by two X-stretchers. The top drawers have removable gray liners, the top right drawer has a removable felt jewelry tray and both bottom drawers are cedar-lined.

Collection Features: Designed to interject a sense of calm and tranquility into interior spaces, the Cascade Collection creates an elegant - yet livable - retreat from our modern day, fast-paced lifestyles. Characterized by its light and airy neutral color palette and use of mixed materials including oak, lacquered burlap, metal accents and champagne-tone hardware, the collection's modern styling can easily find its way into a variety of interiors across the country. As soothing as water falling from a steep rocky slope, the Cascade Collection was designed to spark Zen, tranquility and calmness in any living space.

Top right drawer has a removable felt jewelry tray

Both bottom drawers are cedar-lined

Levelers

Metal base

Material: Oak Veneers and Metal

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
