

KINCAID

ITEM # 706-942S

FARMSTEAD EXECUTIVE CREDENZA

The Farmstead Desk Credenza is designed to offer most of the function of a full executive desk with the large footprint of the approach side. Because of this it is made to sit against the wall and can be used with its matching hutch or on its own. It retains the drop-down drawer center drawer front for easy keyword access, a cord access port in the top, file storage in the bottom drawers, and most of all a beautiful yet functional design!

- New Zealand Pine

Solid Wood - Made using genuine solid wood construction

Electrical Cord Management - Electrical outlets built in for convenience

Dimensions

Height: 31"
