**Style:** Transitional

**Finish:** Silvers

**Brand:** Hooker Furniture

**Product Description:** Stunning and luxurious, the Shimmer Three-Door Credenza is crafted of Mango Solids in a charcoal-finished exterior, contrasting with German Silver Foil over textured door fronts. Behind each of the 3 doors is one adjustable shelf and a ventilated back panel so the piece is media friendly.

**Collection Features:** Add refinement and style to an otherwise ordinary space. Timeless accents like a chest or a credenza make your home - all yours.

**Status:** Active

**Finish:** Charcoal finished exterior with German silver foil door fronts

**Features:** Three doors  
One adjustable shelf behind each door  
Ventilated back panel  
Levelers

**Material:** Mango Solids with German Silver Foil

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and

durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
