Green Plisse Large Vase

1200-0895

In Stock

Overall: 14.25"h x 8.5"dia.

Finish: Green

Materials: Porcelain

Item Weight: 11 lbs.

The Green Plisse Large Vase is attractive in a lovely hue of olive green. The deep furrows that swirl around the bulge in its form tighten and straighten as they flow to the top and to the bottom in a uniformity that can only be machine made.

The most surprising thing about this handsome vessel is that it is made of 3D-printed porcelain, an ancient material you might not expect to be so amenable to such a contemporary process.
