

TEMPUR PROALIGN® HYBRID

ADVANCED BODY CONFORMING PRESSURE RELIEF

Expertly-designed, TEMPUR ProAlign® delivers advanced pressure relief. All TEMPUR ProAlign® mattresses combine an indulgent layer of our one-of-a-kind TEMPUR® Material with an additional layer of our TEMPUR-APR+™ Material, the most-pressure-relieving material we've ever developed. The TEMPUR-APR+™ Material more-precisely adapts to the unique contours of your body and provides truly-advanced pressure relief.

COOL-TO-THE-TOUCH REMOVEABLE COVER

Crafted from ultra-high weight molecular yarn, our premium knit cover moves heat away from your body and mattress. Simple to remove, wash and replace.

HIGH-STRETCH PERFORMANCE PANEL

Inspired by athletic apparel. Comfortable, lightweight and breathable. Designed to boost the adaptive power for TEMPUR® material.

TEMPUR® MATERIAL

Our one-of-a-kind, infinitely adaptable TEMPUR® Material responds to your body's temperature—allowing the material to precisely adapt to your weight and shape in a way no other mattress can.

TEMPUR-APR+™ MATERIAL

The most-pressure-relieving material we've ever developed with highly advanced properties that respond and react to your body with unmatched precision. Superior pressure relief helps reduce aches & pains.

HYBRID TECHNOLOGY

Over 1,000* premium innersprings complement our one-of-a-kind Tempur-Pedic® pressure-relieving materials to deliver just the right combination of pressure relief and support.

New Removeable Cover is up to **28%** cooler to the touch than the previous generation.

New High-Stretch Performance Panel is **3x more** adaptable than previous generation.

TEMPUR-APR+™ material delivers up to **20% more** pressure relief than TEMPUR® Material.

TEMPUR ProAlign® Hybrid now delivers **9% more** conforming support than the previous generation
