This simply stunning server has a secret! The horizontal panels above the doors are actually hidden drawers! Constructed of solid mahogany, this curved server is painted a soft satiny cream. Golden contrast is provided by woven caned panels and gleaming brass turned door handles. Behind the doors, the generous storage is enhanced by an adjustable shelf. Don't confine this beauty to the dining room, as it can hold its own in the living room, under a flat screen, or in your entryway!
