Block wood feet

**Material:** Fabric

**Frame Construction:** Our M upholstered furniture collection pieces are benchmade from sustainably sourced wood and upholstered start to finish by our skilled craftspeople in both North Carolina and Virginia. Every piece has been thoughtfully designed for today's modern lifestyle. Frames are constructed of sustainably certified kiln dried engineered hardwood. Frame parts are joined with precision cut interlocking joints that are glued, stapled to reduce movement, twisting and warping. Frames have cornerblocks that are glued and screwed at stress points, especially on seat rails and other high stress

areas. Depending on rail thickness, frames may be of a hybrid construction, adding a solid hardwood inner frame to give seat rails additional support.

**Seat Back:** Loose seat back

**Seat:** Poly Down Innerspring Cushion - High resiliency plant-based foam core, with coil spring insert for added comfort and longevity. Wrapped with polyester and down fiber blend enclosed in down proof ticking.

**Fabric:** Choice of over 130 fabrics including a wide selection of performance fabrics

**Padding:** Padded outside arms and back for smoother surface and neater appearance.

**COM Fabric Yardage Required 54-inch Plain:** 21.5

**Seating Construction:** Seat bases are supported by a sinuous arc metal spring construction. Our springs are made from partially recycled content. Due to the design requirements of some styles, rubberized webbing may be used instead of springs. Double rows of springs are used at the corners for extra support. Seat bases are insulated with polypropylene fabric and are padded with synthetic fiber.

## Other Options and Selections
