BREEZE

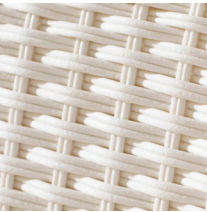

AN OUTDOOR LIVING COLLECTION

The essence of sophistication, Breeze makes an artful addition to any outdoor area. Smooth planes of aluminum meet richly textured woven elements to create distinctive designs worthy of any designer space — inside or out. Breeze’s bold minimalist profiles complement the surrounding architecture and landscape while delivering deep comfort and indoor-worthy style.

WEATHER READY MATERIALS

CLOUD ALUMINUM

CLOUD WEAVE

FEATURES + BENEFITS

- Elegant deep-seated, lounge-style design with custom chamfered aluminum extrusion arm shape
- Strong yet lightweight contract-grade aluminum frames
- Both aluminum and weave available in a classic Cloud finish
- Frames feature precision welds and reinforced joints for maximum durability
- Richly textured woven elements handcrafted from durable, UV-stabilized, high density polyester, all-weather extruded fibers that are bacteria and insect resistant and impervious to temperature and extremes and tearing
- Ultra-durable powder-coated frame finish is UV-resistant and impervious to scratches
- Next-level supportive comfort comparable to Vanguard's indoor upholstery based on engineered frame scale, pitch and cushioning materials
- Signature, trend-forward design details
- Fashionable performance fabric cover options
- Exceptional cushion comfort construction:
 - High-performance Qualux HR foam core (2.0+ density at 21 lbs. ILD) delivers softer surface with higher rebound for years of consistent support
 - Plush comfort layer (1.25 oz polyester fiber) wraps around foam core for luxe comfort and loft
 - Durable, water-resistant interior casing (non-woven fabric) is heat-sealed to prevent moisture penetration

 Proudly Upholstered
in the USA

HOW TO CARE FOR YOUR OUTDOOR FURNITURE Easy to clean with clear water and a pH-neutral fluid detergent. Stubborn stains can be removed with Aluminum Cleaner. If necessary, use a soft brush to remove the dirt from the pores. To protect the frame against the adhesion of dirt, Metal Protector with Teflon® can be used to apply an invisible, protective film. In saline environments, spray weekly with water to remove salt particles from furniture. Furniture should be cleaned periodically and always before storing. Cushions should be removed whenever possible.
