Ames Foosball Table

A foosball table with the bones of proper furniture. A deep, dark finish and clean, architectural lines give the Ames a furniture-grade presence, with a chunky, square-edged body that reads as a serious interior piece. The dark tone runs across the body, legs, rods, and player figures for a unified, deliberate look. A mango wood frame and aluminum hardware keep it solid underfoot. Game on, design intact.

- Furniture-Grade Form: A chunky, square-edged body and clean, architectural lines give this foosball table a furniture-grade presence that holds its own in any room.
- Mango Wood And Aluminum: A mango wood frame paired with aluminum hardware keeps the table solid and stable, grounding the design with warm wood and durable metal.
- Unified Dark Finish: A deep, dark finish runs across the body, legs, rods, and player figures, tying the whole table together into one cohesive, deliberate look.
- Statement For Any Room: Designed as a statement piece, it suits a games room, study, or large living space with enough design integrity to fit a considered interior.
