Brand: Hooker Furniture

Product Description: Breathtaking alone, in pairs or in a set of 3 or more, the Chatelet Bunching Curio creates an aura of rustic luxury. Inspired by farm style antiques, the curio has two seeded glass doors with mirrored fretwork at the bottom. The Caramel Froth finish is accented by the aged white Paris Vintage. Behind the wood-framed glass shelves are 3 adjustable wood-framed glass shelves, one fixed shelf and one adjustable wood shelf. One light with 3-intensity switch.

Collection Features: Come home to your little castle. Relax in a livable luxury with Chatelet, a whole home collection inspired by timeless farm style antiques found in "little castles" of Old World Europe.

Status: Active

Finish: A combination of Caramel Froth and Paris Vintage. Pecky pecan veneers are warmed by a soft amber color and a touch of aged white paint to highlight distinctive grains and moldings in the Caramel Froth finish. The Paris Vintage finish is a distressed vintage white with fretwork overlay on select pieces. Custom-designed, generously scaled, burnished bronze drawer pulls and hardware is inspired by antiques. Distressing includes scraping lines, sloping lines and rasping.

Features: Two seeded glass doors with mirrored fretwork at the bottom
Three adjustable wood-framed glass shelves
One fixed shelf

One adjustable wood shelf
One light with three-intensity touch switch

Material: Pecan Veneers, Resin, Seeded Glass and Antique Mirror

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
