

# Contrast Nesting Tables

Caracole

Graduating nesting tables introduce a striking contrast of texture, material and tone. Perfect for entertaining, each table makes its own statement: the larger table is finished in Cinder; the medium table in Crème Travertine stone; and the smaller table is finished in Lucent Bronze Metallic metal. The medium and small tables are designed to neatly tuck beneath the larger table when not in use.

**SKU:** M141-022-471
