Ella Outdoor Accent Chair Charcoal

A chair that looks like it was sketched in one confident line. Ella starts with an oval-inspired idea—then lets the shape fade into something you just want to sink into. The twisted synthetic hyacinth adds soft texture and an easy, loungey feel, while the aluminum frame keeps everything light, stable, and outdoor-ready. Charcoal keeps it grounded and goes with basically anything. Consider it your patio's favorite seat.

- Quiet Curve Play: An oval-inspired silhouette, softened and not-too-obvious, brings sculptural interest to patios, balconies, and sunrooms in deep charcoal.
- Airy Hyacinth Weave: Twist synthetic hyacinth adds breezy texture and visual depth, giving the seat a light look without feeling precious outdoors.
- Aluminum Backbone: A sturdy aluminum frame supports the woven shell, keeping the chair well-made, stable, and easy to style across seasons.
- Settle-In Support: The gently rounded backrest encourages relaxed posture for long chats, quick lunches, or that "one more minute" moment.
