In Search of 1

D2789S55772-4728

In Search of 1 is suggestive of the work of Helen Frankenthaler, an American Abstract Expressionist painter known for her major contributions to the history of postwar American painting. This work on canvas features elements of landscape painting combined with a stained color field picture plane. A twist on the style is the hand-drawn marks and scribbles that add a playful touch. An understated color palette offers a strata effect in grass green, dusky pink, muted turquoise, and vanilla cloud. Subtle forms quietly break up a softened palette in this remarkable work of art on canvas. A beautiful and striking addition to the carefully curated ART by TA collection.
